ACA UNIVERSITY AFFILIATE MEMBERSHIP

In line with our Memorandum of Understanding (MoU) with the Association of Architecture Schools of Australasia (AASA), the ACA has launched a new membership package in 2025-the 'Affiliate University' package. This initiative aims to support Australian Schools of Architecture by providing resources and tools related to professional practice and business management, coupled with a wide range of networking opportunities. We believe that engaging Schools of Architecture as Affiliates of the ACA will offer them valuable resources, training materials, and content to complement their teaching. This initiative will also expand students' understanding of architectural firms and provide valuable business connections within the field.

RMIT University Students

WHAT IS INCLUDED?

An introductory annual fee of \$2,000 + GST applies to any School of Architecture that registers before 31 July 2025. After this date, the fee will increase to \$3,000 + GST.
